

<b>Project Name</b>	The Implementation of Electric and Electronics Equipment Waste Handling in the Republic of Macedonia and Handling of the Waste Batteries and Accumulators in the Republic of Macedonia
<b>Start – End</b>	October 2009 – December 2011
<b>Project Value</b>	160.000 EUR
<b>Slovenian Funding</b>	110.000 EUR
<b>Recipient Country/ Donation Recipient</b>	North Macedonia / Ministry of the Environment and Spatial Planning
<b>CRS CODE</b>	CRS CODE 41010
<b>Project Description</b>	The donation of the Republic of Slovenia supported the drafting of legislative basis and proposals for the establishment of administrative basis for the implementation of the directive 2002/96/ES of the European Parliament and of the Council on 27 <sup>th</sup> of January, 2003 on waste electrical and electronic equipment (WEEE) and the implementation of waste management of batteries and accumulators in Republic of Macedonia. Drafting the legislative basis for the legal arrangements on WEEE management will help to prevent the accumulation of electrical and electronic waste. The scheme layout for collecting and managing the WEEE will help to reduce the amount of WEEE that has been disposed on landfills and therefore reduce the harmful impact on the environment.
<b>Project Phase</b>	Project is concluded.
