

Project Name	Donation of the Refuse Collection Vehicle
Start–End	June 2015–August 2015
Project Value	140.000 EUR
Slovenian Funding	140.000 EUR
Recipient Country/ Donation Recipient	Serbia / Municipal Utility Company Obrenovac
Project Contractor	ATRIK d.o.o. Ljubljana
CRS CODE	CRS CODE 14050
Project Description	The municipality Obrenovac was one of the most affected by last year's floods as nearly 90 percent of the county was flooded. Due to the floods the amount of garbage and other waste increased significantly. Due to limited capacity the Municipal Utility Company was not able to timely collect and dispose of waste to the landfill therefore it requested a donation for the purchase of a new garbage truck. The purchase of a new vehicle will help increase the efficiency of waste collection, as well as enable faster flood cleanup and the normalization of living conditions for residents.
Project Phase	The project is concluded.
