

Project Name	Kosovo 3D GIS, Kosovo
Start–End	August 2015–December 2020
Project Value	400.000 EUR
Slovenian Funding	150.000 EUR
Project Contractor	Xlab d.o.o., Ljubljana
Recipient Country/ Donation Recipient	Kosovo / Ministry of Internal Affairs and Ministry of Health
CRS CODE	CRS CODE 74010
Project Description	<p>3D GIS (geographical information system in 3D) enables the Emergency Management Agency of Kosovo to conduct the analysis of preventive and mitigation measures related to natural disasters and other disasters (landslides, fires, floods, spills of hazardous liquids). The emergency call centres are able to quickly locate the caller and send the nearest aid recovery unit after him. With the help of the system the Agency and the police are more effective in case of search and rescue. The project has stimulated the economic, environmental and social development of the country, as it is allowing Kosovo authorities to implement preventive, environmentally sustainable measures with minimal impact on the environment.</p>
Project Phase	The project is concluded.
