

<b>Project Name</b>	Purchase of the specialized vehicle (refuse collection and tank with braker)
<b>Start–End</b>	May 2015–September 2015
<b>Project Value</b>	149.700 EUR
<b>Slovenian Funding</b>	99.800 EUR
<b>Recipient Country/ Donation Recipient</b>	Bosnia and Herzegovina / Municipal Utility Company Čistoća d.o.o. Cazin
<b>Project Contractor</b>	Atrik d.o.o., Ljubljana
<b>CRS CODE</b>	CRS CODE 14050
<b>Project Description</b>	JKP Čistoća Cazin asked for the donation of the Republic of Slovenia for the purchase of specialized municipal vehicle, which the company needs to ensure effective implementation of municipal services such as waste collection, maintenance of roads, streets and water supply system, punching clogged shafts and pipes as well as disinfecting the area. The tank will also be used to supply the population with drinking water in areas under serious threat. Improved waste management will facilitate the reduction of environmental pollution, especially water, elimination of uncontrolled rubbish dumps. The project will contribute to better health security of the population, functioning municipal infrastructure and enable faster development of the region.
<b>Project Phase</b>	The project is concluded.
