

Project Name	Strengthening of Metrology Infrastructure in Chemistry in Fields of Fuels and Environment
Start–End	April 2013–December 2016
Project Value	2.500.000 EUR
Slovenian Funding	900.000 EUR
Recipient Country/ Donation Recipient	Bosnia and Herzegovina / Institute of Metrology
Project Contractor	Institute of Metal Materials and Technologies, Ljubljana
CRS CODE	CRS CODE 32182
Project Description	With the donation of the Republic of Slovenia national reference laboratory for fuels quality control in Bosnia and Herzegovina in the field of metrology and chemistry has been equipped with adequate equipment and instruments. Regularisation of the sector will have positive effects in several other areas and will help strengthen production and export abilities of the country. In addition, the completion of this project will help establish preconditions for changes in the field of environmental parameters control.
Project Phase	The project is concluded.
