

Project Name	Construction of Water Treatment Plant for Drinking Water in Probištip Municipality
Start–End	May 2012–December 2013
Project Value	1.439.000 EUR
Slovenian Funding	480.000 EUR
Recipient Country/ Donation Recipient	North Macedonia / Municipality of Probištip
Project Contractor	Iskra Sistemi d.d. Ljubljana
CRS CODE	CRS CODE 14021
Project Description	<p>Within the project a drinking water treatment plant has been set up. Together With the existing new infrastructure it represents a source of sustainable supply of quality drinking water to the population. The process of water purification includes pre-ozonation, sedimentation and settling, ozonation, carbon filtration and processing of the sludge disposal of the treatment plant. The project objectives are not only the provision of sustainable use of water and adequate drinking water supply, but also the prevention of harmful effects on human health and encouraging the socio-economic development in the degraded environment.</p>
Project Phase	The project is concluded.
