

Project Name	Biomass Briquetting Plant in Municipality of Medvedja
Start–End	June 2011–December 2014
Project Value	830.950 EUR
Slovenian Funding	290.000 EUR
Recipient Country/ Donation Recipient	Serbia / Municipality of Medvedja
Project Contractor	ART A Design d.o.o. Ljubljana, EnEko Inženiring d.o.o. Ljubljana, Biogen d.o.o., Kamnik
CRS CODE	CRS CODE 32162
Project Description	<p>Republic of Slovenia supported the construction and equipping of factory producing wood briquettes from wood biomass. Project aims to accelerate economic development of the area, decrease unemployment and set-up infrastructure supporting wood-processing industry. The area which forms Municipality of Medvedja is generously wooded, which has lead to fast development of wood-processing industry. Wood residue will be used in production of wood briquettes (estimated total capacity is 8.000 tons yearly). Production unit will employ 13 to 15 workers; more employments are to derive from stimulating the supporting industries.</p>
Project Phase	The project is concluded.
