

Project Name	Electric magnitudes – Equipment of Metrological Laboratories
Start–End	August 2010–December 2012
Project Value	1.086.964 EUR
Slovenian Funding	820.000 EUR
Recipient Country/ Donation Recipient	Bosnia and Herzegovina / Institute of Metrology
Project Contractor	The Institute of Metals and Technology (IMT), Ljubljana
CRS CODE	CRS CODE 32182
Project Description	<p>The donation of the Republic of Slovenia supported the establishment of a laboratory for electric magnitudes in Sarajevo and a laboratory for testing electrical energy gauges and testing electromagnetic compatibility (EMC) in Banja Luka. Services of the laboratories will be available to all companies in BiH which in the past had to acquire the certificates of quality abroad in order to export. The project also enabled the increase of the number of employees in the field of national metrology infrastructure in BiH, number of experts and penetration of high-tech companies in the field of electric magnitudes from BiH to the demanding foreign markets.</p>
Project Phase	The project is completed.
