

Project Name	GreenAct
Start–End	January 2024 – December 2024
Project Value	215.854 EUR
Slovenian Funding	109.927 EUR
Recipient Country/ Donation Recipient	North Macedonia / Municipality Aračinovo
Project Contractor	PMIZ Energomontaža, Skopje Solar Installers Team DOOEL, Skopje
CRS CODE	CRS CODE 14040
Project Description	<p>The objectives of the project are to provide self-sufficient electricity from renewable energy sources, to strengthen regional energy security, to provide green energy for the operation of public infrastructure, and to address the challenges of air pollution and related health problems. The project will contribute to North Macedonia's transition to a low-carbon economy that makes efficient use of natural resources, is safe and sustainable, and is in line with the EU's broader climate change and environmental objectives. As part of the project, three mechanisms of photovoltaic systems for electricity generation and the installation of heat pumps will be installed at Gjergj Kastrioti and Bajram Shabani primary schools and at the municipal administration building. In addition, the project will replace 510 interior lamps in public buildings with new high-efficiency electronic lamps.</p>
Project Phase	The project is being implemented.
